This is an example of a page from a document that discusses online communication and social media. It highlights the increasing prevalence of platforms like Polyvore, Kik, and WhatsApp, which are growing fast. It also touches on the exclusion and isolation that can arise among friends, pitting boys against one another, revolving around gender-specific social withdrawal among girls. The document mentions the difficulty of addressing these issues, as social withdrawal can affect a person's ability to form relationships with others. It also notes the importance of identifying online communication and social media into bullying and relational aggression.

The agenda for a seminar includes various sessions on topics such as teaching strategies, classroom management, and evidence-based practices for addressing relational aggression. It also provides opportunities for networking and professional development. The seminar features a presenter named Stephanie, who is an award-winning author and international speaker recognized for her insight and knowledge on adolescents. The seminar is designed for educators and professionals interested in addressing these issues. The cost of the seminar is listed as $169, and there is an early bird discount available.

The document also includes information on how to register for the seminar, with options for mailing in the registration form or registering online. It provides details on the location, date, and time of the seminar. The seminar is sponsored by Developmental Resources, Inc., and includes details on how to contact them for more information. The seminar is open to educators, counselors, and other professionals interested in addressing relational aggression among girls.

The seminar focuses on helping schools implement best practices for reaching and teaching the 20% of all students who are diagnosable with a mental health disorder. It will address ways to prevent violence and address non-exclusionary discipline. The seminar will cover innovative counseling strategies, evidence-based and groundbreaking instructional practices, and will assemble internationally recognized innovators and practitioners to address the most current innovations and research to behavior intervention. It will also provide networking opportunities, professional development, and strategies designed to build positive, supportive relationships among girls.
